About IncluDE

Research Reflecting All Communities

Since 2016, SCRS IncluDE has worked to meet the clinical research industry with collaborative solutions to improve community engagement, diverse participant representation and equity in trials.

In this time, SCRS IncluDE Community Program Sponsors have collaborated to share innovative resources, tools and intelligence to help improve inclusion in research. Some of these milestones have included:

The Work Ahead

As the IncluDE Program evolves, we remain focused on practical, site-centered solutions and year-round engagement. Your IncluDE Community Program Sponsorship supports and contributes to three strategic workstreams driving SCRS IncluDE forward.

1

IncluDE Toolkit

A collection of real-world strategies sourced from research sites actively working to improve inclusion. Tools include:

- Site CV template
- DSAT Action Plan
- Roadmap for Sustainable Community Engagement at the Site
- Community Funding support request templates

2

Health Equity Processes

Develop comprehensive inventory of emerging health equity processes for standardization and scalability.

Key focus areas:

- Timing for development of DAP
- Position on emerging sites
- New questions introduced in feasibility around inclusive recruitment
- Cultural competency training
- Funding for community engagement

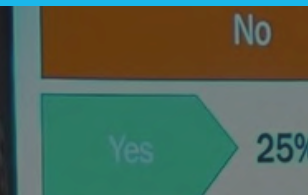

3

Emerging Site Pathways

Guide for Sponsors/CROs to migrate emerging sites from trained to selected.

Key focus areas:

- Define emerging site
- Sponsor visibility plan
- Monitoring plan considerations
- Experienced-emerging site mentorship
- Ongoing training

IncluDE Exclusives

By aligning regulatory priorities with site best practices, your IncluDE Program Sponsorship drives the data needed to improve trial representativeness.

The IncluDE community offers unparalleled engagement and exclusive site-driven insights available only through SCRS.

Participating organizations gain a competitive edge in designing successful trials that meet site needs and reflect the diverse populations they serve.

Peer Powered

Join other Program Sponsors and collaborate on the strategies study teams need now.

Data Driven

Gain insights from the data sets found in the annual site landscape reports and benchmarking data.

Insights Ignited

Share thought leadership with exclusive opportunities in worksteams, symposia and the 2026 Site Solutions Summits.

SCRS IncluDE

Sponsorship Benefits

\$25,000 | 12 months

THOUGHT LEADERSHIP

Collaborate: Join industry leaders on any or all of the upcoming IncluDE Initiative work-streams (quarterly meetings)

Contribute: Ongoing content opportunities throughout the year, like articles, case study, presentation, survey or research (annually)

Access: All working group reports, executive summaries and tools in the IncluDE program (annually)

BRAND LEADERSHIP

Recognition: Your logo included across all publications, virtual and in-person events, and on SCRS website for the term of your sponsorship (annually)

Deliver: Share in the publishing of tools, resources and content based on IncluDE work-stream output (annually)

PROFESSIONAL ADVANTAGE

Network: With other industry leaders through Board, work-stream and exclusive Summit programming (European, ANZ and Global Summits)

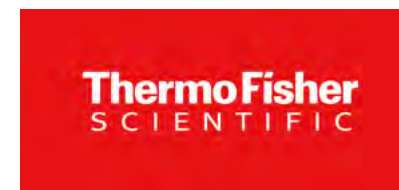

Evolve: Your SCRS IncluDE Sponsorship will provide you with the leadership and collaboration opportunities that accelerate operational advantage for study design and site engagement.
