

SITE SUCCESS IMPACTS EVERYONE IN RESEARCH

SCRS
GLOBAL
IMPACT
PARTNERS

The Society for Clinical Research Sites was founded in 2012 to address the needs of sites globally. Sponsors, CROs and solution providers participate as **SCRS Global Impact Partners** to address industry challenges and collaborate on strategies that improve site performance and sustainability.

COLLABORATION

GIP INITIATIVES

SCRS brings together Global Impact Partners and Leadership Council members on initiatives to address site-facing challenges. These SCRS initiatives pair GIPs in groups to share ideas, build strategy and inform content.

MEETINGS MATTER

Networking and education are key components of the SCRS community. SCRS **Site Solutions Summits** provide the platform for sites, sponsors, CROs and solution providers to partner for success.

5 ANNUAL SUMMITS

A LINK TO BETTER RESEARCH

Organizations join the SCRS community to collaborate and evolve how site performance and site relationships impact their operations, study design and potential outcomes.
