About Sites NOW

SCRS **Sites NOW** brings the Site Solutions Summit community together with a focus on evolving best practices for site success. This project will include both the Virtual Site Solutions Summit and a 12-month program involving teams of sites, sponsors, CROs and solution providers working to evolve best practices and SOPs. **Sites NOW** monthly meet-ups will include networking, presentation and discussion. The work and ideas will inform content in monthly and quarterly articles in SCRS publications, help build an industry playbook, and deliver sessions to Summit attendees across the globe in 2021.
